MEMBERSHIP INFORMATION

What Does CART-GRAC Offer to Members ?

CART-GRAC is an organization of members who share not only in the aim and goals, but also in the values, the “CART-Heart” or “Cœur de GRAC”:

CART-GRAC is a network that aims to support women to time and space their pregnancies. Through research and evidence-based advocacy CART-GRAC works to increase equitable access to high quality family planning knowledge, services, and methods. CART-GRAC connects collaborators, fosters the sharing of ideas, and supports new interdisciplinary and cross-sectoral collaborations with a potential for health policy/healthcare change toward the organization aim. CART-GRAC as an organization maintains independence from industry sponsored research.

Membership

Membership in two categories (Full Member and Trainee Member) is available through an online application and requires references from two Full Members in good standing. Applications are reviewed by the Membership Chair and/or a committee of her choosing; information about nominated applicants is then circulated to all Full members in good standing for review. Membership is approved for two years, and renewable upon application.

Membership Benefits

Members will have access to a variety of networking opportunities, resources, and support through the following (depending on CART-GRAC resources):

1. CART-GRAC will create a members-only; password protected section of the website which will include free access to:

- Online access to reports, articles, and other publications.
- Study instruments. A list and brief description of study materials will be included on the website and will be available by request from the individual investigators (contact information will be provided).
- Data from members’ studies. Members of the network will be encouraged to share original data.

2. CART-GRAC will create opportunities for networking including:

- Convening provincial and national meetings, hosting List-serves and discussion fora on issues of interest to members.
- Developing (over time) newsletters, scientific statements, and/or policy briefs.

3. CART-GRAC will support individual members through:

- Issuing letter of Support for members to use with grant applications, academic recognition, or in support of suitable policy or advocacy proposals as deemed appropriate by the Governing Council.
- Permitting the use of the CART-GRAC logo by members (and their research teams) as appropriate for uses consistent with the “CART-Heart/Cœur de GRAC” values.
